Invest in education and get pay back in knowledge

## We support

Class trips and excursions  
Purchase of playground equipment  
Promotion of school projects  
Social projects

## Feel free to sign in to be a member of our school society

### About us

The school society is a union between parents, teachers, former students and friends of the elementary school “Frohmestrasse”. It involves the commitment of all, who are interested in supporting and helping where state funds are lacking.

### Our goal

Our intention is to support, nurture and beautify life and learning at our elementary school. According to our school philosophy, the most important fact is the focus of welfare of the children.

### Our tasks

In close cooperation with the school management, we decide how the funds - generated by contributions, fees and donations - will be used and for which projects. At the beginning of every school year, the society will inform all members about potential investments.
